MOBIKIT

The MOBIKIT is a mobile computer cart designed to create a complete workstation right in the heart of your workshops, warehouses, or production areas. Sturdy and compact, it easily accommodates a monitor, PC, printer, and peripherals while remaining easy to move.

Its key feature: it is fully modular, with several possible configurations to suit your needs.

To simplify logistics, the MOBIKIT is available as an easy-to-transport kit or, optionally, pre-assembled and ready to use upon delivery.

Structure Dimensions (mm)						
Part Number	Width 1 (A)	Width 2 (E)	Depth 1 (B)	Height 1 (C)	Height2 (D)	Enclosure
MOKRC-0B45.65.65[00-000]	450	325	650	650	780	No
MOKRC-0B45.65.90[00-000]	450	325	650	900	1030	No

MOKCR-0B85.65.65[00-000]	850	725	650	650	780	Yes
MOKCR-0B85.65.90[00-000]	850	725	650	900	1030	Yes

BENEFITS

Increased productivity: The workstation is positioned as close as possible to the operators. Less unnecessary movement.

Adaptable ergonomics: Height-adjustable tablet. Workstation tailored to each user.

Customizable configuration: Available in multiple sizes. Scalable solution to meet your needs.

Optimized shipping: Product shipped as a kit. Simpler and more cost-effective logistics.

Assembly options: Optional assembly service available. Ready to use upon delivery.
